### Internet Connection

How do you want to connect to the Internet?

**Connect using a dial-up modem**

This type of connection uses a modem and a regular or ISDN phone line.

**Connect using a broadband connection that requires a user name and password**

This is a high-speed connection using either a DSL or cable modem. Your ISP may refer to this type of connection as PPPoE.

**Connect using a broadband connection that is always on**

This is a high-speed connection using either a cable modem, DSL or LAN connection. It is always active, and doesn't require you to sign in.
